Culvert Installation Guidelines

- Install Culvert per City Standards, which includes aprons required on each end of pipe.
- If the adjacent roadway will be impacted, it shall be repaired. Please contact Ed Haller, 763-497-7981, to coordinate construction.
- Driveway shall not exceed 30 feet in width through the right of way.
- Match existing ditch elevation and flow. Grade ditch as needed to maintain flow and positive drainage.
- Restore disturbed area with seed and erosion control blanket.
